

EBS PAY

About EBS pay

EBS Pay is a revolutionary mobile app designed to make airtime and data purchases effortless, reliable, and accessible. Built with user convenience at its core, it provides a seamless platform for managing mobile credit and data needs, offering innovative features and robust functionality.

Key Features

- **Instant Airtime and Data Purchases:** Buy airtime or data for any network in seconds. Whether at home, at work, or on the go, EBS Pay ensures uninterrupted connectivity.
- **Multiple Payment Options:** Choose the payment method that works best for you, including credit/debit cards, bank transfers, and mobile money.
- **Scheduled Transactions:** Automate your airtime and data top-ups with recurring transactions for yourself or multiple recipients. Stay connected without worrying about running out of credit.
- **Real-Time Notifications:** Stay updated with instant alerts on successful transactions, special offers, and low balances.
- **Comprehensive Transaction History:** Track your spending and manage your finances with detailed records of all your transactions.
- **Cross-Platform Availability:** EBS Pay is available on iOS and Android devices, ensuring accessibility for all users.
- **Secure and User-Friendly Interface:** Enjoy a smooth, intuitive user experience with top-notch security measures to keep your information safe.

Who Is EBS Pay For?

- **Individuals:** Perfect for anyone who regularly purchases airtime and data for personal use.
- **Small Businesses:** Manage multiple lines and stay connected effortlessly.
- **Frequent Travelers:** Conveniently top up your mobile credit from anywhere in the world.

Why Choose EBS Pay?

- **Convenience:** Simplify your airtime and data purchases in just a few taps.
- **Reliability:** Count on EBS Pay for fast and secure transactions every time.
- **Flexibility:** Customize your experience with automated transactions and diverse payment options.
